

Don't be misled. Out-of-state politicians and special interests spent millions to put Proposition 6 on the ballot. Prop 6 will make our bridges, roads and transportation system less safe, and we'll end up paying more in the long run as roads further deteriorate.

FACT: Prop 6 does not contain one single provision guaranteeing our gas prices will be reduced.

FACT: Voters overwhelmingly passed Proposition 69 in June preventing Sacramento politicians from raiding transportation funds, ensuring funds can only be used for transportation improvements.

FACT: Prop 6 eliminates \$5 billion annually in *existing transportation funding* and will jeopardize more than 6,500 local transportation projects *currently underway* throughout California. Now is not the time to stop the progress.

FACT: Proposition 6 threatens public safety. California has more than 1,600 bridges and overpasses that are structurally deficient, and 89% of counties have roads that are rated in "poor" or "at-risk" condition. Prop 6 eliminates projects making safety repairs to bridges and overpasses and fixing dangerous roads.

FACT: Prop 6 will cost motorists more in the long run. The average driver spends \$739 per year on vehicle expenses like front end alignments, shocks and tire repairs caused by bad roads. This measure will make road conditions worse and cost us all more in unexpected vehicle repairs.
